TODDLERS' WORKING PARTY

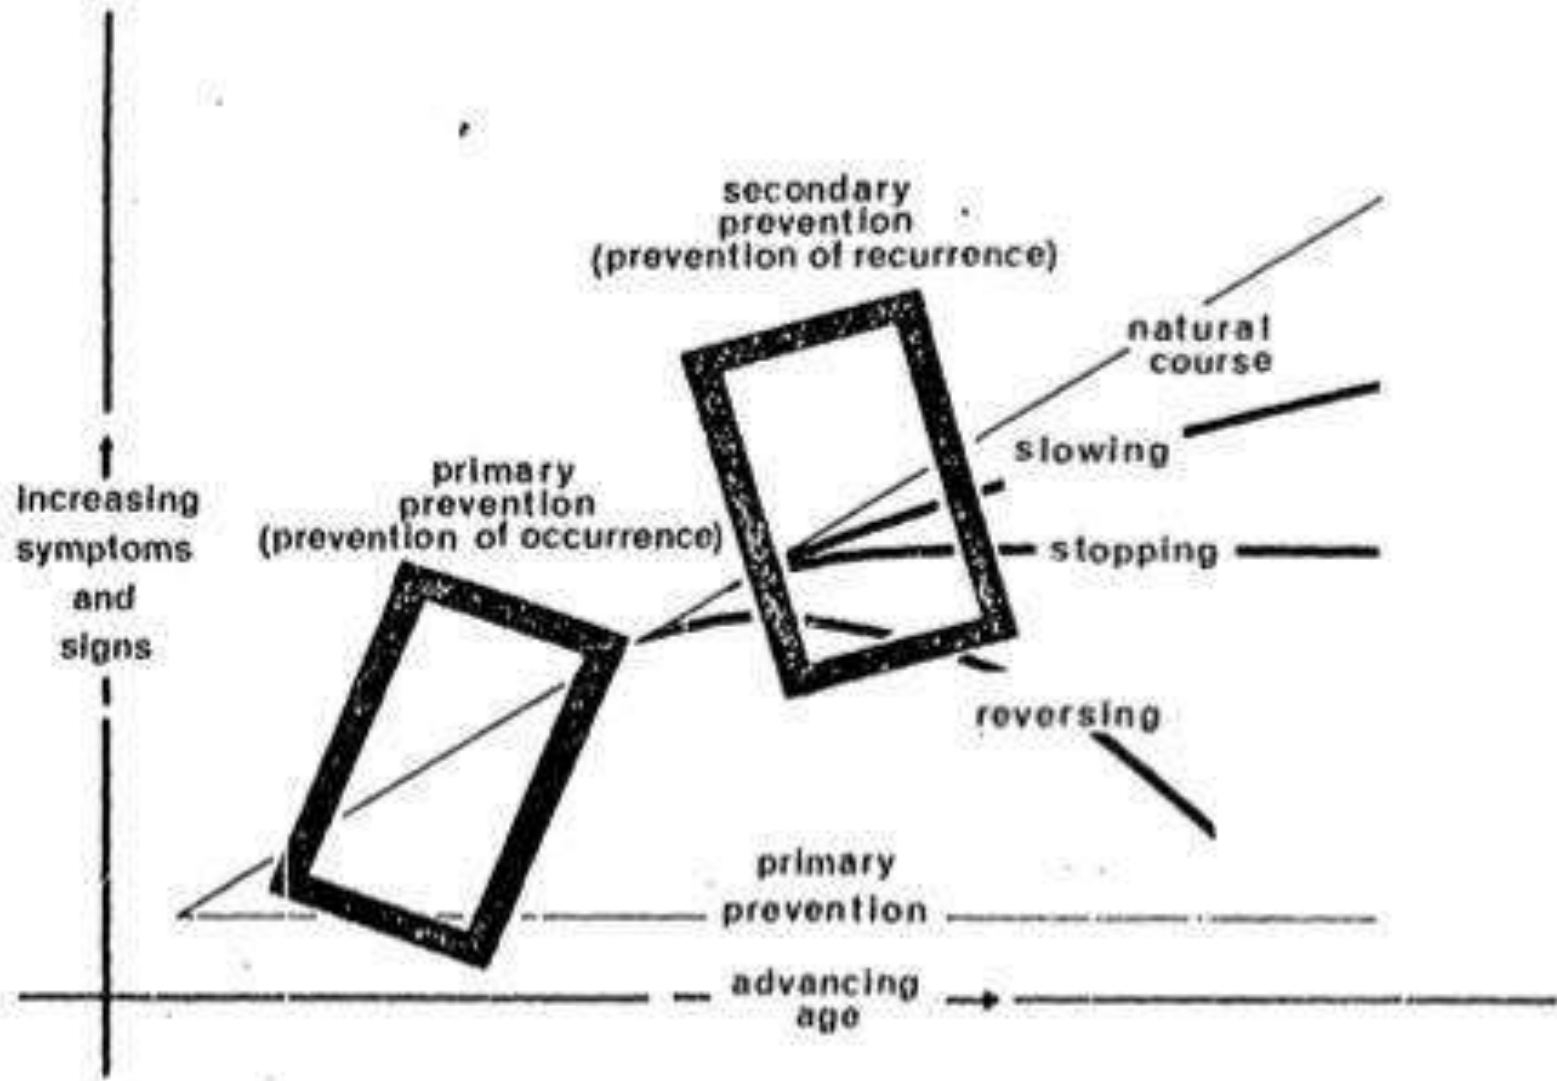

A test much enjoyed by younger members of the family

Les dessins et les graphiques d'Emanuel Cheraskin

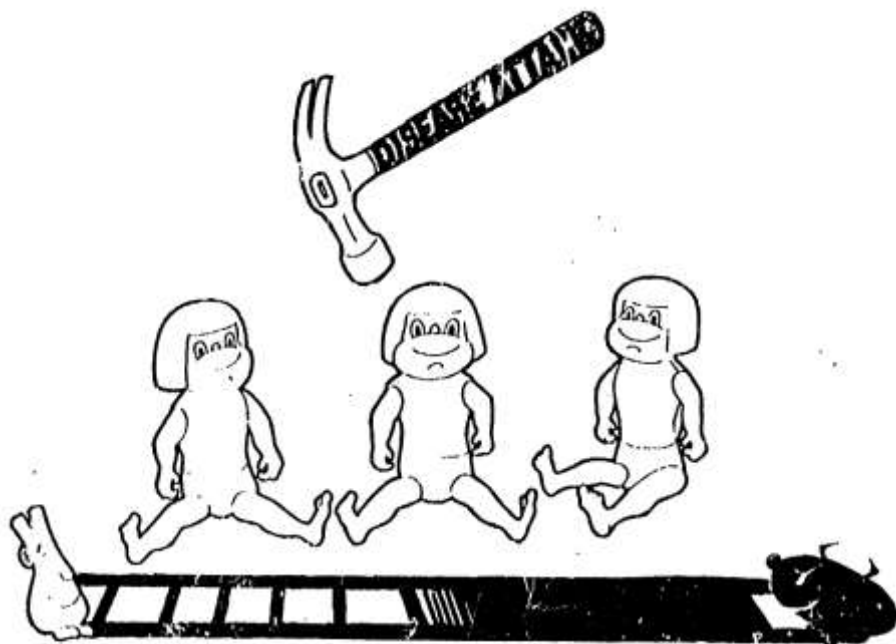

Figure 1. Doctor Jacques M. May states, "It is as though I had on a table three dolls, one of glass, another of celluloid, and a third of steel, and I chose to hit the three dolls with a hammer using equal strength..."

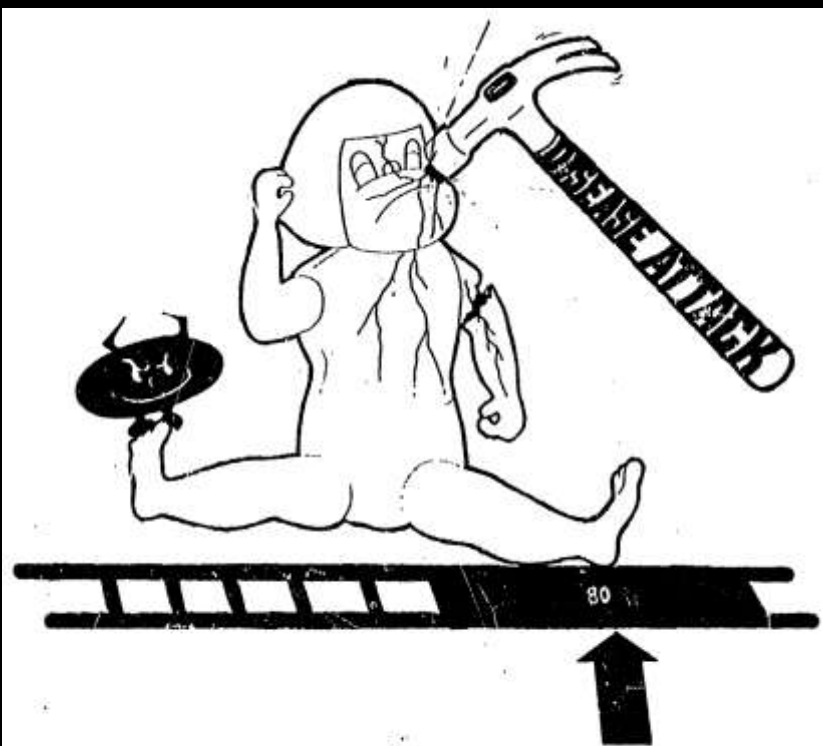

Figure 2. Doctor Jacques M. May continues, "The first doll would break..."

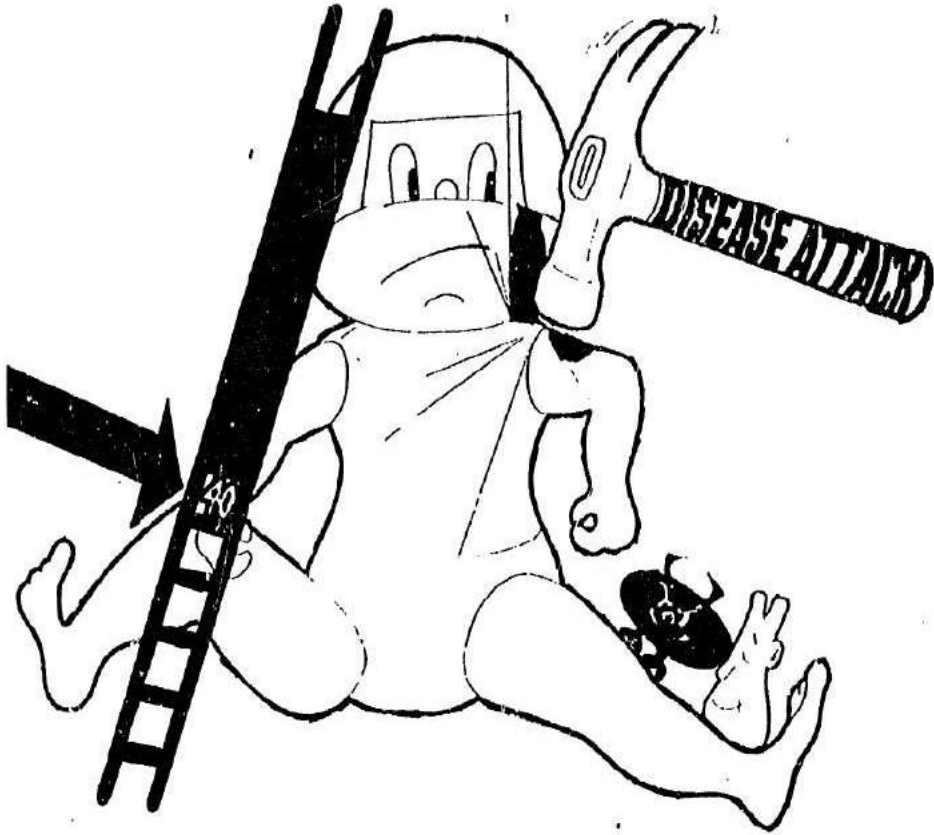

Figure 3. Doctor Jacques M. May adds... "the second would scar..."

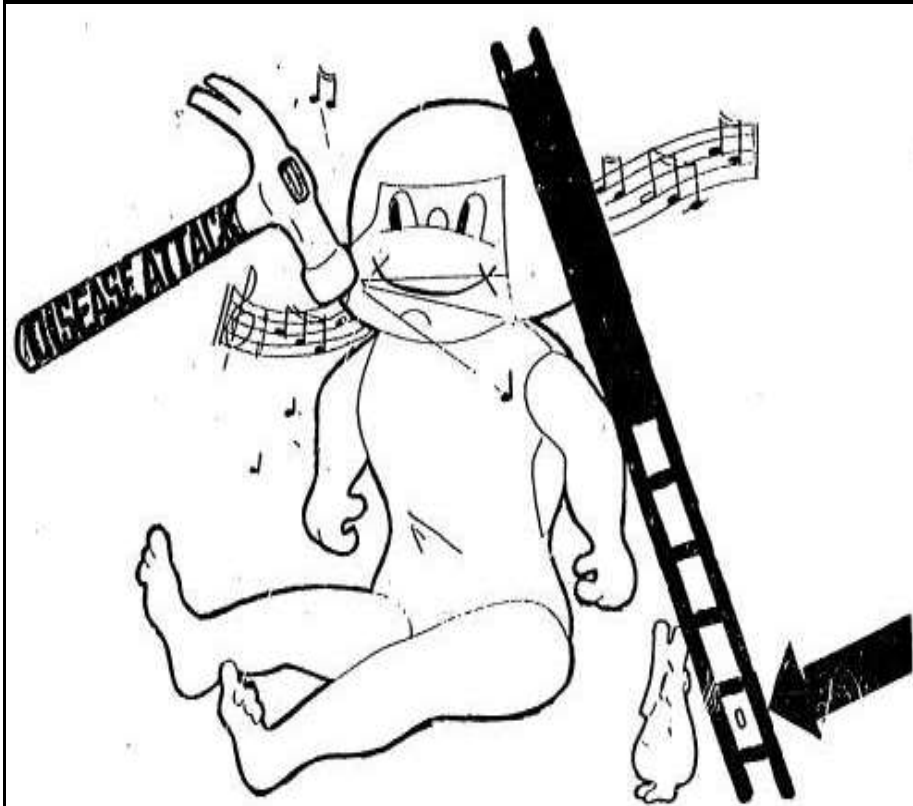

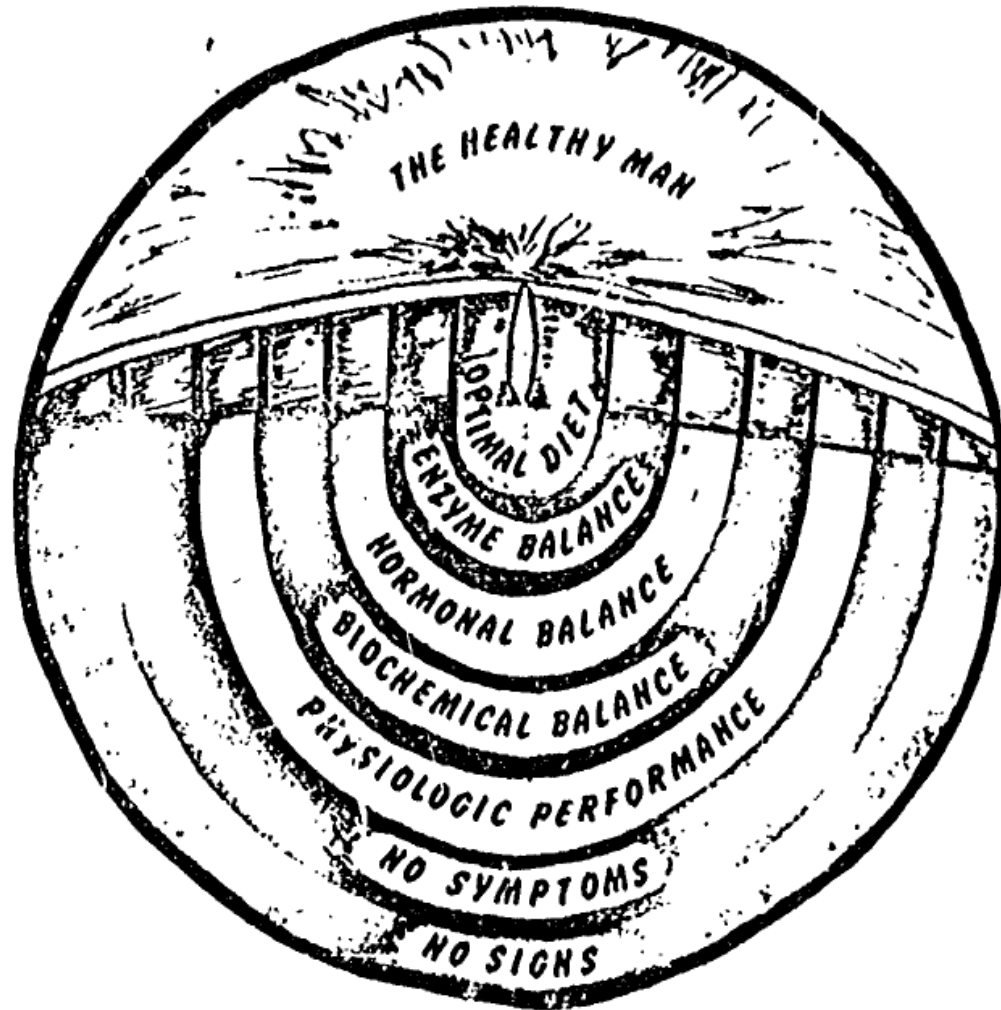

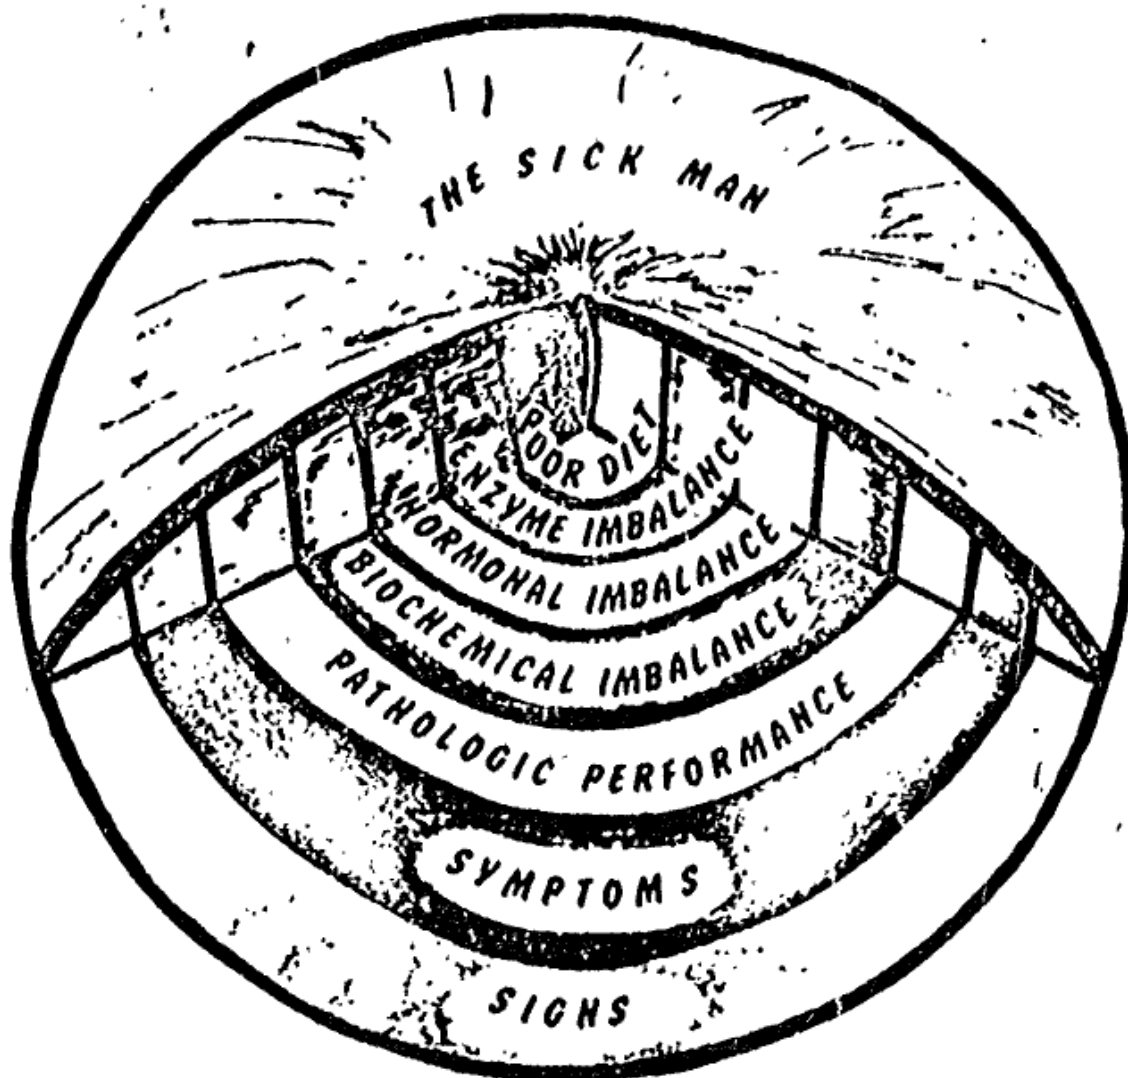

Figure 4. Doctor Jacques M. May concludes... "and the third would emit a pleasant sound."

The sphere of the healthy man.

The sphere of the sick man.
